(86) It is seen from there that no report of the loss of horses was made by the complainants to the Police before the search on 11-1-19. This omission is attributed to confusion of mind of peace of mind on the part of Reddappa, the manager of the complainants

(2) Information that accd. Venkatiga was one of the dacoits is stated to have been got from Thimmaliga, the 5th accused on the 10th Jan on that has led to the search of the house of Kolamipalli Venkatiga on the 11th Jan

The points raised by the Residency are :—

1. Whether the mistake referred to in the one to which reference is made in para 2 of the Govt: Memo: dated 7.4.19.

In this connection reference is invited to para 3 of the Govt memo dated 8.7.19 in which the mistake is admitted; and hence the answer to the above question is to be in the affirmative.

2. Whether prior to the discovery of the crores borrowed on 11-1-19 any mention was made of their theft.
The Investigating officer says that no such report was made to him. There is no reference to the borrowed either in the First Info. Report (H. T.) or in the Complainant's St. (H. U.) Hence the answer to this Qn. is to be in the negative.

3. Whether the word "నన్ను" means "I", "me", "mine", or "him", "his".
This word occurs in the statement of Peddaya made before the Invest. Officer on 30.12.18 (H. B). The context shows that it can refer only to the Complainant Venkatiya & not to Peddaya. The interpretation in the Residency letter does not seem to be correct.

4. Statement in the Charge sheet (H. H.) that the borrowed were found in the house of the 8th accd.
This is an error & the Investigating Officer says that he mentioned it by oversight.

3a) It is stated in para 4 of the Residency letter dt. 30.8.19 that if the question of extradition is still desired to be pressed — (1) the two ends may be forwarded, and (2) the first report may be furnished in which it is definitely asserted that the present accused was one of the dacoits concerned.

The two ends have been received & the 1st Magistrate's letter shows that the first report required by the Residency cannot be furnished.

It is true that the Complainants & Witnesses identified the accused before the Sub-Magte of Perumbondo. But this was on 5.3.19.

The accused house is stated to have been searched on information given by Boya Thirumaliyo (5th accd).

4) Considering the defects in regd above it seems to be open to doubt whether the case against the present accused can end in conviction and it is for consideration whether the matter may not be dropped under the circumstances.

In the absence of his resume of evidence it is not clear to what point he attached much weight in coming to the conclusion that there was a prima facie case.

Bangalore.

Sir,

In forwarding herewith records received from the 1st class Magistrate, Chikballapur, relating to the extradition of one Venkatiga alleged to have been concerned in a case of dacoity that took place on the night of 27th December 1918 in the Pesalparthi -- Village in the Bagepalli Taluk, together with an application in the prescribed form for his surrender, I have the honor to state that the facts of this case have been already been reported to you in my letter No.C.1142 dated 7th March 1919 in connection with the surrender of six other accused persons. It appears from the enclosed records that the -- present accused Venkatiga conjointly committed the dacoity in question with the aforesaid six accused persons but that he could not be arrested along with them as he was then found to be absconding from his Village called Kolampalli in the Penukonda Taluk, and that the Bukkapatna Police arrested him only on 24th February 1919.

The evidence adduced by the Prosecution against this accused Venkatiga is the fact of two brass ends of horns having been discovered in his house at the time of search on 11th January 1919 in the presence of respectable Panchayatdars. These have been identified by P.W.8 Venkatiga, P.W.9 Thimmaga & Venkatamma & Peddaga. The loss of the said horns during the offence has been originally reported to the Bagepalli Police by the complainants.

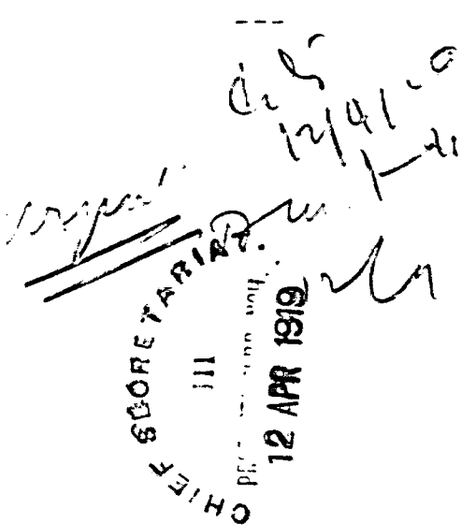
Enclosure No. [illegible]

Forwarding records re: the extradition of one Venkatiga in Pesalparthi Dacoity Case and requesting to move the Hon. the Resident in Mysore to issue a Warrant for his early surrender.



Mr. Ananthachar, Sub Magistrate of Penukonda, is the 5th witness for the Prosectuion who held at the instance ~~of the instance~~ of the Bagepalli Police an identifcation Parade consisting of 10 persons including the accused on 5th March 1919, when P.Ws. P.W.8 Venkatiga and P.W. 9 Thimma identified the accused as one of the dacoits that took part in the commission of the offence in their house on the night in question. This witness is a respectable officer of Government having no motive whatever to come forward with such a story unless it were true.

Under the above circumstances I am of opinion that the Prosecution has made out a strong case justifying the surrender of the accused Venkatiga now in the Sub Jail at Penukonda, and request therefore that the Hon'ble the Resident in Mysore may be kindly moved to issue a warrant under the Indian Extradition Act for his early surrender.

I have the honour to be,

Sir,

Your most obedient servant,

District Magistrate,

Sir,

With reference to correspondence ending with your letter No. G.28638/Cts.241-18-10 dated 26th June 1919 in the matter of the Extradition of one Venkatiga concerned in the Pesalparthi Dacoity case, I have the honour to send enclosed a copy of letter No. J.C. 918/18-19 dated 30th June 1919, received from the First Class Magistrate of Chikballapur from which it will be seen that the original report of the Patel of Pesalaparthi contains only a brief reference to the loss of property without any details and a certified copy of it is sent by the Magistrate as the original is filed with the papers relating to case No.35 on the file of his Court.

As regards the identification of the two brass ends of horns by Venkatamma and Peddaga, it has to be observed that from the evidence of P.W. 1 Mr. Chamaraj Urs, the Investigating Officer in Case No.36, it is seen that the horn ends were found when the house of Kollimpalli Venkatiga was searched by him. These horn ends were identified by Witnesses Venkatiga and Peddaga as belonging to them and their depositions are duly flagged in the records.

No report of the loss of the horns in question has been made to the Police by the complainants, nor have the horn ends been identified by Venkatamma. The statements to the contrary made in this office letter No.J.C. 690 dated 9th April 1919 were evidently due to an oversight

To

The Chief Secretary to the Government of
His Highness the Maharaja of Mysore.

Dated Bangalore, 30th August 1919.

CHIEF SECRETARIAT III PROTECTION BRANCH SIR, 2 SEP 1919

With reference to your letter No. Pol.156, dated the 8th August 1919, regarding the extradition of Venkatiga, I am directed to make the following observations. You say in it that "the Durbar regrets that a mistake has unfortunately occurred in the statement of the case against the accused Venkatiga in the letter of the District Magistrate forwarded with this office No. Pol.1042, dated the 17th April 1919. I am to state, however, that the records show that a prima facie case has been made out against Venkatiga for the following reasons. Peddiga, to whom the brass horn ends in question belong, was away when the dacoity took place. As the Patel's report does not contain any mention of the articles taken away by the dacoits from the complainent's house, these brass horn ends do not find a place therein".

It is not quite clear what is "the mistake" referred to, but presumably you refer to the second paragraph of the District Magistrate of Kolar's letter dated the 10th April in which he says "the loss of the said horns during the offence has been

originally reported to the Bagepalli Police by the Complainants".

The Resident would be glad to know if this presumption is correct and whether at any time prior to the alleged discovery of the brass horn ends, on the 11th January 1919, in the accused 's house any mention was made of their theft.

2. Assuming that your reply to both these questions is in the affirmative, I am to say that the Resident does not understand exactly what the sentence in your letter, as cited above, as to Peddiga's absence when the dacoity took place is intended to convey.

For amongst the records now forwarded is a statement takem from Peddiga by the Police dated the 30th December 1918, in which after stating that he was absent from his house when the dacoity took place, he states that he returned that day and gives a list of the property stolen which makes no mention of the brass horn ends in question. Incidentally it may be noted that the same statement after referring to the witness's absence, says the robbers came to his house and tied him and Thimmagadu and took away the silver ornaments from his hand and his turban etc. The meaning is, however, ambiguous perhaps as the Canarese word "ನನ್ನ ನನ್ನ" may mean either "me", "mine", or "him", "his" according to the context.

3. There is yet another curious discrepancy to which I am to invite attention. In the charge sheet presented on the 30th January 1919, the accused is mentioned as No. 10. But in column 12 the brass horn ends are said to have been found in the house of the 8th accused another man of the same name.

4. If in the circumstances explained above the Durbar still desires to press the extradition I am to request that (1) the two brass horn ends referred to may kindly be forwarded for the Resident's inspection and (2) the Resident may be furnished with the first report furnished either by the Police or by the complainants in which it is definitely asserted that the present accused, viz., Venkatiga of Kolampalli was one of the dacoits concerned.

5. The records received with your letter under reply are returned as they will doubtless be needed for reference.

I have the honour to be,

Sir,

Your most obedient servant.

Sir,

With reference to your letter No. G.6767/Cts.241-18-15 dated 15th September 1919, calling for additional information regarding the extradition of one Venkatiga of Kolampalli, I have the honor to forward herewith the statement of the Police Inspector Mr. Channamaraj Urs, the investigating Officer, recorded by the 1st class Magistrate, Chikballapur Sub Division, furnishing the information required by the Hon'ble the Resident in Mysore as detailed below: (This paper is marked 29 in red ink)

(1) The loss of the horn ends was not reported till they were found in Venkatiga's house on 11th January 1919 and the complainant did not report of the loss owing to confusion.

(2) The person meant by the word " ಶರ್ಮ " was Peddiga's brother-in-law.

(3) The statement that the brass horn ends were found with the 8th accused was a mistake as that accused also was named Venkatiga.

(4) The complainant Thimmaraya identified Kolampalli Venkatiga before the Sub Magistrate of Penukonda as one of the dacoits.

(5) Kolampalli Venkatiga's house was searched on information given by one Boyee Thirumaliga and some of the properties found there were identified by Peddiga as stolen from his house.

2. The brass horn ends are herewith sent as desired.

(Absent from station.)

To

The First Assistant to the

Hon'ble the Resident in Mysore.

Sir,

With reference to your letter No.6656 dated the 30th August 1919, regarding the extradition of Venkatiga, I am directed to state as follows:-

Pol 778 with record + 2 Brass horns
Dated 19th January 1920.

(i) The mistake referred to in the passage quoted from my letter No.Pol.1042 dated the 17th April 1919, has reference to the statements contained in the last two sentences of the second paragraph of the Kolar District Magistrate's letter of the 10th idem, the District Magistrate having subsequently intimated that no report of the loss of the brass horn ends was made to the police by the complainants nor were these articles identified by Venkatamma.

(ii) In his report dated 10th December 1918, the Patel does not give a list of the propert lost but states that 'jujuvi' (articles of small value) were stolen and from the statement of the Police Inspector of Bagepalli on the 11th November last it is clear that the loss of the horn ends was not reported to him prior to their discovery in the search conducted in the house of the accused Kollimpalli Venkatiga. It is true that no mention is made of these horn ends in the statement of Peddiga recorded on the 30th December 1918 but this may not improbably be due to the fact that their loss was not noticed by the complainant in the beginning as it so often happens in the case of theft of articles of

small value

which is discovered only on the production or recovery of the stolen property.

(iii) The person intended by the word [illegible] in Reddiga's statement must be his brother-in-law, Venkatiga. The statement is very ungrammatical and there is obviously an omission of words to the effect that Reddiga heard of the robbery from Venkatiga. That there is such an omission will be clear if this statement of Reddiga is read along with his later deposition before the 1st Class Magistrate on 12-2-1919.

(iv) The discrepancy in the charge sheet, referred to in paragraph 3 of your letter under advertence, is stated to be due to confusion as both the 8th and the 10th accused in the case happen to bear the same name viz., Venkatiga.

2. I am to add that the house of the accused in question is reported to have been searched on information furnished by one Boyee Thirumaliga, apparently, the 5th accused in the case, and that it was during the search that the horn ends were found by the Police and identified by Reddiga as his. It is further reported that the accused was also identified, in the parade before the Sub-Magistrate of Penukonda, by Venkatiga and Thimmiga, Reddiga's brother-in-law and brother respectively, who had full opportunities of observing the features of the accused as they were assaulted and robbed of their wearing apparel in the course of the commission of the offence.

3. In the circumstances now explained, it can be seen that, notwithstanding the defects brought to notice, there is sufficient evidence on record to warrant the prosecution of the ~~accused~~ accused and ~~that this evidence~~ which evidence if believed, is likely to result in his conviction. I am accordingly to request that a warrant for his extradition may kindly be issued.

4. The entire records together with the brass horn ends are herewith forwarded for reference and kind return.

I have the honor to invite kind references to correspondence ending with this office letter No: R.J.C. 763 of 18-19 of the 27th November last, in regard to the extradition of one Venkatiga of Kolimvalli concerned in the Pasalaparty Dacoity case, and to request that early orders may kindly be obtained in the matter of the surrender of the accused under reference.

2. The Sub Division Officer and First Class Magistrate of Chikballapur brings to notice that Andaya and 5 others the associates of Venkatiga in question in the said dacoity case, who have already been surrendered, have been in custody from 22-3-1919 and that it is not desirable to postpone their trial longer. He therefore suggests that the original records in C.C. No: 35 of 18-19 relating to them (forwarded to you with my letter No: 763 of the 27th November 1919) may be obtained and returned to enable him to proceed with the trial of the other accused persons,-- Venkatiga being separately tried later on, when he is surrendered.

I think that his suggestion is worthy of consideration and request early orders of Government in the matter.
